Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: On September 20, 1996, Indiana submitted a request to incorporate revisions to the definitions of "nonphotochemically reactive hydrocarbon" and "volatile organic compounds" into the Indiana State Implementation Plan (SIP). In the final rules section of this **Federal Register**, the USEPA is approving these actions as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this notice should do so at this time.

DATES: Comments on this proposed rule must be received on or before May 19, 1997.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Proposed Exclusion

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule and request for comment.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to grant a petition submitted by General Motors Corporation, Orion Assembly Center (GM) in Lake Orion, Michigan, to exclude (or "delist") certain solid wastes generated by its wastewater treatment plant from the lists of hazardous wastes contained in subpart D of part 261. This action responds to a "delisting" petition submitted under § 260.20, which allows any person to petition the Administrator to modify or revoke any provision of parts 260 through 266, 268 and 273, and under § 260.22, which specifically provides generators the opportunity to petition the Administrator to exclude a waste on a "generator-specific" basis from the hazardous waste lists. This proposed decision is based on an evaluation of waste-specific information provided by the petitioner. If this proposed decision is finalized, the petitioned waste will be conditionally excluded from the requirements of the hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA).

DATES: EPA is requesting public comments on this proposed decision. Comments must be received in writing
